

WALKING ACT FOR EXCLUSIVE EVENTS

Knabberknips

Photographed. Developed. Devoured.

Made to look at. Made to bite.

THE ACT

A historical photographer in a tuxedo and top hat photographs your guests with an antique-looking camera. The picture appears live on edible paper, in Forest Berries, Tutti Frutti, Strawberry or Green Apple. Guests choose for themselves and then polish off their own portrait. The photographer isn't tied to one spot: his camera rolls with him on wheels through the venue, and he actively approaches the guests.

Made to look at. Made to bite.

FLAVORS

Forest Berries, Tutti Frutti, Strawberry or Green Apple — guests choose how their moment tastes.

PHOTOGRAPHER

Jim, John or Stefan — you choose the character for your event.
